

## **Peninsula Country Market Society**

July 3 2001

Memorandum

### **Appropriate Conduct**

99% of the market folks have been polite courteous and friendly to all. On occasion there has been verbal aggression. i.e.; shouting, "dressing down," swearing and badgering directed at the volunteers and manager.

At the July 3/01 meeting the Board made a unanimous decision to have a zero tolerance for any type of aggression at the market. There will be one reminder, and if the aggressive behavior continues the participant will be asked to leave the market Permanently.
